

ENGINE & PARTS DEGREASER

BENEFITS

- ✓ Dissolves and cleans oil, grime, dirt and dust
- ✓ Evaporates slowly and emulsifies with water
- ✓ Not harmful to metal, chrome, plastics or paint

USAGE

The Engine and Parts Degreaser is an effective degreaser and cleaner which can be applied to engine compartments, chains, air filters, couplings, gearboxes, tools, brushes and many other similar parts and surfaces that require degreasing. Because it evaporates slowly it can be used to degrease even the most greasiest parts, if necessary let the product soak for a certain amount of time. Afterwards it can easily be rinsed off with water using a hose or a brush.

DIRECTION

Remove heavy build-up of grease and grime. Use in room temperature. Shake well before use. Spray on parts to be treated. Sometimes the product needs time to soak. Wash off with water using hose or brush. Repeat several times if required.

DOSAGE

To be used when ever required.

TECHNICAL SPECIFICATIONS

Density g/cm³	0,760
Colour	Clear / Colourless
Odour	Petroleum like

PACKAGING DETAILS

Art. No.	68338
Content	600 ml
Packaging	12x400 ml
Pallet	100 cartons
Languages	EN DE FR ES AR
